

Faculty of Physical Education & Recreation

Eligible admission subjects are grouped into one of these three categories:		
Humanities	Fine Arts	Sciences
English (Literature and Composition); Languages other than English; History; Cultural Geography; Social Studies; Economics	Art; Drama; Music; Dance	Biology; Chemistry; Math (Algebra, Geometry, Trigonometry); Physics; Physical Geography; Science, Computer Science; Calculus

Admission requirements vary by Faculty and program. Some programs can be entered directly from high school, while others will require one or more years of preprofessional study. Preprofessional study will fulfill academic requirements that are not covered in most high school curricula and will give you a strong basis to enter professional programs. These studies can be completed in another Faculty, such as Arts or Science (although a number of Faculties are suitable for preprofessional studies).

All undergraduate applicants to English speaking and bilingual programs need an adequate level of English language proficiency before admission, regardless of their citizenship status or country of origin. www.studyincanada.ualberta.ca/elp

★30 credits refers to one full-time year of study or 10 courses ★3 credits = one-term course ★6 credits = two-term course

Direct Entry Programs	5 subject requirements
